THE GATES SWING WIDE

To Welcome You to

MARELLBAR

June 5, 1945

Invitation

On Tuesday, June 5, 1945, we are selling our 1944 crop of bulls and heifers by Klaymor Footprint and a number of other open and bred heifers of superior quality. The Footprint calves made a splendid record last year, this year we feel certain they are even better. They will all be presented in beautiful breeding condition, just the right fit to go ahead and thrive for their new owners.

The pedigrees are the kind that no apologies need be made. Sincerely believe that we have assembled the most valuable lot of breed improving cattle even entered in one auction, am sure you will agree with us on sale day.

We especially want you to inspect our breeding herd in the pastures on Sunday preceeding sale day and sale day, also the sale cattle will be subject to inspection. Your catalog is your selling order, cattle will be sold as listed. All Marellbar bred heifers have had calf hood vaccination for Bangs.

Trains will be met at Edison Court, Waukegan Station on the North Shore Electric. Hotel accommodations will be made at The Waukegan Hotel if notified early in advance.

JOHN BLUME, Manager

The 1943 Footprint heifer calves that were sold in June 1944 that made the record average price of \$1995.00.

They Improve With Time

A most pleasant interlude in the business of publishing and editing the breed magazine is an occasional visit to Marellbar Farms. It is not just because of the unbounded hospitality one receives from owner, manager and herdsmen. It is not merely because of the orderly beauty of the establishment and its surroundings. These are attractions enough to warrant frequent visits but equally pleasing is the splendid herd of Shorthorns that one can see and study.

Every time one visits Marellbar, he is impressed more forcibly than before with the excellence of the cattle and with the extraordinary uniformity of the herd and its productions. The most thoughtful students of breeding prefer to buy foundation stock and herd bulls from herds that are uniformly good to buying an occasional outstanding specimen from a mediocre herd. To such, I recommend Marellbar Shorthorns and especially Footprints. It will be remembered that in last year's sale every Footprint calf, of an entire year's crop was sold. There was not a mediocre animal in the entire group.

Take it from me that this year's crop is even more desirable, if possible, than those sold in 1944. This catalog contains pedigrees that will attract all who have kept in contact with the breed's development. The bulls and heifers that will be sold are such as may be expected to be produced only by the use of such bloodlines. It seemed, last year, that the ultimate had been achieved and that no better cattle than those presented by Marellbar could be produced. Scores of admirers of Shorthorns will attend the sale on June 5th. I am sure that they will agree with me that Marellbar Shorthorns improve with time.

— WILL JOHNSON of The Shorthorn World

The 1944 daughters of Klaymor Footprint, selling June 5th. Every calf in this group is in this sale. None were held back. We sincerely believe they are even better than last year's crop.

KLAYMOR FOOTPRINT —

We believe that Klaymor Footprint will become as famous as his illustrious sire, Collynie Royal Barrage (Imp.) He has everything in type and character to indicate that he is a great sire and his sons and daughters in this sale furnish conclusive proof that he is one of the extreme top sires on the American continent today. With that he has rich cherry red color that he transmits consistently to his offspring. He is one of America's greatest sires. Follow the Footprints to success with Shorthorns.

MARELLBAR FORMATION—

is the grand red son of Footprint we had planned to keep in our herd, due to a lot of insistence of our good friend Will Johnson and others we finally gave in to let him go in the auction. There isn't much to say regarding this great calf as his breeding and his unusual type quality and conformation and color will prove him to be one of the top bulls to be sold anywhere this year. Two of the top selling bulls at the Perth, Scotland, February sales were out of daughters of Calrossie Command, one at the 1700 guineas and one at 2500 guineas.

RIVERCLIFF FOOTPRINT —

a grand red bull, ready for heavy service and has been used extensively by Roland Eisemann, Valley City, O. He has recently joined us at Marellbar, we acquired his small herd of Shorthorns. They all came originally from Marellbar and this grand young herd bull is the production from a Klaymor Centurion heifer. He is a good bull for anyone to own, a double cross of Collynie Royal Barrage and the dams of Klaymor Footprint and Klaymor Centurion, both came from Calrossie, they are top cows in the Klaymor herd and have the most famous Calrossie bulls in their pedigrees.

Fairacres Lancaster is a deep bodied, thick low set calf. Dark red in color, good head, level and smooth. He is a full brother to the dam of Marellbar Mary Anne that sold to the Curtiss Candy Co. last June, also have another full sister in the herd. We think as much of them as any cows in the herd. This is an outstanding prospect and will make the right kind of a breeding bull.

Marellbar Footstep is a very good red October calf that will develop into a great bull. His dam is extremely low set, a dark red and the right type. Marellbar Style, Captain Mumford's herd sire and Marellbar Paymaster in McIlrath's herd, Kingman, Kansas, are both sons of Gay Nonpareil and are both good breeding bulls.

This wonderful group of heifers were sold last June, we think our offering is even better this year.

a dark rich red roan and one of the most outstanding daughters of Footprint. Personally I believe this is as valuable foundation heifer to go thru an auction anywhere. She has everything the most critical judges and breeders desire. Her dam is a great cow and her grand dam Cluny Victoria 2d was regarded by many as the best cow in the Cluny herd. She is the dam of Cluny Brave Command winner of the Perth Championship in Perth 1938 and sold for 2500 guineas to the famous Wylie Hill's Balthayock herd.

If it were not for the fact that we are selling all our Footprint heifers straight thru this heifer would certainly not be sold.

Cluny Victoria 12th is a sister to the dam of Marellbar Obligation, sold last year to Beath Farm, Oshawa, Ont.

MARELLBAR BROADHOOKS—

is a show heifer in every respect. Few better heifers will be sold any where. We think she is equal to our top heifers sold last year.

She has a wonderful head, is exceptional smooth, low down, grand quarters and great spring of rib. Her dam is a wonderful red cow, she is by Klaymor Imperial, he is out of the same dam as the great breeding bull Klaymor Beau Ideal. This year's crop of Footprint heifers are truly as uniformly good as any lot ever sired by one bull, this is one of the best.

She is by the famous Calrossie Command by Calrossie Control. There isn't any better breeding than the Cluny Augustas. Such heifers as this should never be permitted to leave the herd.
